

CONTENTS OF VOLUME 42

Numbers 1 & 2

Special Issue: Risk and the Energy Industries

<i>Preface</i>	i
<i>Introduction</i>	iii
Chapter 1. Overview of this Watt Committee Report L. E. J. ROBERTS (UK)	1
Chapter 2. The Historical Record of Major Accidents in the Energy Industries . J. J. CLIFTON (UK)	17
Chapter 3. Use of Quantitative Risk Assessment in Plant Design R. A. COX (UK)	33
Chapter 4. The Management of Hazard and Risk V. C. MARSHALL (UK)	63
Chapter 5. Emergency Planning J. G. SELLERS, R. CLEMENTSON, P. J. BRITTON, J. M. MULLINS & D. J. WESTERN (UK)	87
Chapter 6. Questions for the Future M. R. HAYNS (UK)	117
Chapter 7. Points Raised in the Discussion Period I. H. DUNBAR (UK)	123
Chapter 8. Summary of the Report 'Risk and the Energy Industries' L. E. J. ROBERTS (UK)	127

Number 3

Sources of Atmospheric Nitrous oxide. O. BADR & S. D. PROBERT (UK)	129
Heat Recovery from a Hot-Water Store: Effect of Parts of the Immersed Heat- Exchanger's Pipe Being Thermally Insulated R. MOTE, D. PROBERT & D. NEVRALA (UK)	177
Electric and Thermal Power Supplies in Jordan J. O. JABER, R. F. BABUS'HAQ & S. D. PROBERT (UK)	201

Book Reviews	217
------------------------	-----

Number 4

Pre-insulated District-Heating Pipelines: Design and Operational Advice	227
T. WONSYLD, R. F. BABUS'HAQ & S. D. PROBERT (UK)	
Total Solar Irradiation in Bahrain	237
W. E. ALNASER & H. S. ALMUDAIFA (Bahrain)	
Windspeed-Dependent Underdamping and its Cure in the Self-Excited Series-Wound Aerogenerator	254
ANNRAOI M. DE PAOR & BRIAN COGAN (Ireland)	
Environmental Auditing: Estimating and Reducing Corporate Greenhouse-Gas Emissions using Monitoring and Targeting Software Systems	269
PAUL K. MARTIN, PAUL O'CALLAGHAN & DOUGLAS PROBERT (UK)	
Overall Thermal Transfer Values for Building Envelopes in Hong Kong	289
W. K. CHOW & K. T. CHAN (Hong Kong)	
Climate Influence on District Heating and Electricity Demands	313
STIG-INGE GUSTAFSSON (Sweden)	
Technical Note	
Simplicity and Speed: Energy-Saving Written Forms	321
ABRAHAM F. CITRON (USA)
